

Opening of the Colette Hotel

Opening of the renovated Hotel Colette

Completely renovated in April 2011, the hotel bears history and poetry in its name. History, as this hotel complements the family of a small independent group of charm and luxury hotels, belonging to the contractor Jean-PierreBansard, who has given this new hotel, the first name of his eldest daughter, Colette Bansard. Poetry, as Colette also refers to the famous writer of the same name. The author, who stood out of his contemporaries with its sleek style and the subjects she discussed, was particularly attached to the city of Cannes. Located in the heart of Cannes and the rue d'Antibes shopping district and just steps from La Croisette beaches, the Hotel Colette proposes 47 air conditioned and fully renovated rooms. The three-star hotel provides every amenity for a comfortable stay in Cannes: complimentary high-speed Wifi, flat-screen television with fifty international channels and Canal+, minibar, safe, l'Occilame toilettries, dining room for breakfast, business corner, etc. Just 300 meters from the Cannes Palais des Festivals, the three-story Hotel Colette offers several terraces where you can enjoy Cannes sunshine.
